CR Federal Welcomes Army and Hill Veteran Pat Thompson

Washington, D.C. – Susan Butler, John Lundy, and Ty Mabry are pleased to welcome Pat Thompson to [CR Federal](#), after nearly a decade of defense policy experience on Capitol Hill.

Thompson most recently served as a Professional Staff Member on the Senate Armed Services Committee (SASC) handling Army and Marine Corps programs including ground vehicles, munitions, and unmanned aerial systems for the Airland Subcommittee. He worked directly with Army and Marine Corps civilian and uniformed senior leaders to oversee the services' top programmatic priorities.

“I cannot imagine a better fit for CR Federal,” said Mabry. “Pat is a true professional in the national security space from his time working for senior Members in the House and Senate, writing national security policy on SASC, and his service in the Army. It is an exciting day for CR Federal and our clients.”

Prior to SASC, Pat worked on a variety of defense and foreign relations issues, with an emphasis on Navy shipbuilding for two senior Members of the House and Senate Armed Services Committees. Pat also served as an Army intelligence officer and deployed to Afghanistan as an augmentee to the 75th Ranger Regiment.

“John, Ty, and I are excited and honored to add Pat to our CR Federal team,” added Butler. “I am confident that his experience and expertise will enhance our efforts on our clients’ behalf. We are thrilled to grow CR Federal with someone as capable and outstanding as Pat.”

“At CR Federal, we pride ourselves on offering our clients expert advice and effective solutions,” said Lundy. “Pat has invaluable experience combining American Defense priorities and private sector innovation to advance the United States’ national security interests. I look forward to working alongside Pat to continue delivering results for our clients.”
